Naason Garcia Defense Fund

Naason Garcia, known as the Apostle to the many congregants of the Mexico based La Luz del Mundo Church has been charged and arrested by the Department of Justice, Southern District of New York. Mr. Garcia has engaged the firm Werksman Jackson & Quinn LLP in Los Angeles, California to defend him against these allegations. At the family's request, a legal defense fund has been established to assist the firm in representing him against these charges and is now accepting donations. You can help support the Apostle by sending your donations to the link below. The Apostle and his family extend their many thanks and blessings to you for your support.
